Manufactured in the heart of Sardinia, from vineyards with extraordinary exposure, the Turriga is one of the greatest Italian red wines and, of course, a wine symbol of Sardinia. This wine is made exclusively from native grapes, mostly Cannonau, Carignano, Bovale and Malvasia Nera. Behind the stunning mix of power, elegance and harmony there are the tradition of the Cantina Argiolas and mastery of Giacomo Tachis, one of the fathers of Italian oenology and the father of Sassicaia. Intense ruby red with garnet highlights. Aromas of black berries, followed by hints of black pepper, mauve and Mediterranean maquis. Great structure, round and warm with tannins that combine with the spices to give power and persistence

Tignanello Antinori 2017, Toscana, Italy

220

Tignanello was the first Sangiovese to be aged in barriques, the first contemporary red wine blended with untraditional varieties. It is a milestone, produced with a selection of Sangiovese, Cabernet Sauvignon and Cabernet Franc. A big, lush style, this red delivers pure aromas and flavours of black currant, cherry, violet, flint, tobacco and baking spices. This is supple, yet backed by a firm, dense matrix of tannins, so all the components are perfectly integrated. Lovely sweet, ripe finish.

Bright and juicy, with building density and multilayered flavours of sour red cherries and raspberry, complicated by a hint of peach. Finishes long and clean with strong mineral and floral nuances.

Amarone della Valpolicella Quintarelli 2013, Veneto, Italy**650**

Limited production.

World's finest Amarone, only produced in exceptional years. Venerated as the Maestro del Veneto, the late Giuseppe Quintarelli and his wines hold near-mythical status in the world of wine. Grapes are carefully selected during harvest. After harvest, grapes sit in wooden boxes or on rush mats. Careful attention is paid to the positioning of the grapes so the appassimento can occur naturally. Noble rot starts to appear in November and develops mostly in January. Grapes are pressed at the end of January and after 20 days of maceration, alcoholic fermentation begins with indigenous yeasts. Fermentation lasts 45 days. Wine is then racked and ages in Slavonian oak barrels for seven years. Alcoholic fermentation continues during this aging period creating a dry wine. Rich, opulent, sensuous and extraordinary
